# Supplies Needed

## As Shown

Size C2/2.75mm crochet hook  
Red Heart Designer Sport in Cornmeal  
1 pair safety eyes (6 or 8 mm)  
Tapestry / Yarn Needle  
Polyester stuffing.

It would also be perfectly possible to make this pattern using a larger hook, I recommend G6/4.00mm, and worsted weight yarn.

## A note about supply preferences:

Everyone prefers their own hooks and needles. I did want to mention that if you struggle to stuff small pieces using Poly-fil brand stuffing, try Morning Glory (I've only seen it at Wal-Mart, but I'm sure it's available other places) or real cotton batting. Either one of those will have less of a "slick" feel to it and be easier to insert into pieces. Beware, however, it "pills" more easily than polyester and needs more care washing.

Safety Eyes: I've had good experiences with 6060.etsy.com for eyes. Remember, safety eyes are still not safe for children under the age of two.

## Notes

1. This pattern uses American Standard yarn abbreviations.
2. Please don't use safety eyes for children under 2 years of age.
3. This pattern is worked in continuous rounds with the exception of the "bumps" on the oak pollen. Do not join when working this pattern.

Support for this pattern is available by emailing [pepperberrycrochet@yahoo.com](mailto:pepperberrycrochet@yahoo.com). I'll be happy to help by providing pattern clarification or additional photos as needed.

## Finished Measurements

The C hook versions are about 3" across. However, as long as you ensure that your stitches are tight and of a consistent size, you'll be fine.
